PROFESSIONAL SUMMARY

Experienced Full Stack Web Developer specializing in JavaScript and the MERN stack, with a strong background in building RESTful APIs and efficient MongoDB database models. Proficient in translating complex requirements into functional web applications, I have expertise in prompt engineering, Next Js framework, and leveraging AI models like ChatGPT to create innovative solutions, including a project management app. Committed to continuous learning and staying at the forefront of technology, I deliver impactful and user-centric software solutions.

PROJECTS

1. RentHaven | |
- React | Redux | JavaScript | MongoDB | Express.js | Node.js | HTML5 | CSS3 | Chakra UI | axios
- Designed and developed a secure login and signup system for user authentication and session management.
  - Integrated live location features, enabling users to view homes on an interactive map.
  - Implemented comprehensive filtering and sorting options to help users narrow down their home choices.
  - Created detailed single property pages with in-depth information, images, and descriptions.
  - Developed demo tour booking functionality for scheduling property visits.
2. Apna Shop | |
- React | Redux | JavaScript | Node.js | Express.js | MongoDB | HTML5 | CSS3 | Git | Tailwind CSS
- Built a comprehensive e-commerce platform with features for browsing, searching, and purchasing products.
  - Developed a robust admin panel for managing products, users, and viewing sales analytics.
  - Implemented secure private routing for user-specific pages such as accounts and order history.
  - Designed responsive interfaces ensuring seamless experience across devices.
  - Implemented user authentication with sign-up, login, and logout features.

WORK EXPERIENCE

- OctaNet Services Pvt Ltd.
- Web Development Internship
- July 2024 -August 2024
- Job responsibilities:
- Enhanced frontend skills in HTML, CSS, JavaScript, and React by creating a responsive landing page and dynamic Todo app. Collaborated with the team to meet deadlines and implement best practices.
