Education

Full Stack Web Development (full-time)
Masai School, Bengaluru
Nov 14 - Oct 14

Higher Secondary Education
Gomia Inter College, Swang
Apr 2018 - Apr 2020

Technical Skills

React Redux

Prompt Engineering

TypeScript JavaScript

HTML5 CSS3 RESTful APIs

Node.js MongoDB

Express.js Chakra UI

Soft Skills

Teamwork Problem Solving

Md Abdul Qadir
Full Stack Web Developer

Professional Summary

Experienced Full Stack Web Developer with expertise in JavaScript and the MERN stack. Skilled in RESTful API development and efficient MongoDB database modeling, translating project requirements into functional web applications. I excel in prompt engineering, mastering the Angular framework and leveraging ChatGPT conversation models to create innovative solutions, such as a project management app. My commitment to staying at the forefront of technology ensures a dynamic and effective approach to software development, delivering impactful user experiences.

Projects

BRIKS99   Live Demo Link   Github Repo Link

React Redux HTML CSS JavaScript
NodeJS Mongodb Express Axios Chakra UI
MongoDB Atlas

- Built an Indian online real estate marketplace using React, Redux, HTML, CSS, Node.js, MongoDB, and Express
- Developed login and register pages, single property listing, property listing, and landing page
- Implemented light and dark theme options for better user experience
